The screenshot displays the IPAS V4.0 Similarity Search interface. The top navigation bar includes the IPAS logo, a search bar with the placeholder 'Search Something...', and a user profile for 'John Doe'. The main content area is titled 'Similarity Search' and features a search input field with the placeholder 'Enter affected file number or registration number' and a 'Search' button. Below the search bar, there are filters for 'Mark: Tiffany' and 'Nice Classes: 30', along with a 'Clear All' link. A row of filter buttons includes 'Application Type', 'Filing Date', 'Reg. Date', 'Expiration Date', 'Classification', and 'Status'. To the right of these filters are buttons for 'My Cited Marks' and 'Add to Search Strategies'. The results section shows 'Showing 1-5 of 180 results' and view options for 'List View', 'Grid View', 'Table View', 'Sort', and 'Export'. The results are presented in a table with columns for 'Image', 'Details', and 'Actions'. Two results are visible:

The screenshot displays the website header for the Intellectual Property Office of Vietnam (IP Vietnam). The header includes the logo, the name of the office in Vietnamese and English, and navigation links for 'Giới thiệu', 'Việt Nam', and a user profile icon. Below the header, there are three main categories: 'Kiểu dáng' (Designs), 'Sáng chế' (Inventions), and 'Nhãn hiệu' (Trademarks). The 'Nhãn hiệu' category is selected, showing a table of search results for Vietnam.
